FALL 2021 ENROLLMENT AND ADVISING

It’s time to prepare for Fall 2021 enrollment! You can find your enrollment appointment (the date and time you can begin enrolling in classes) in the Enrollment Dates box on your Student Center around May 10th when the class schedule is released. If you have a registration hold, you will not be able to enroll so check the Holds and Alerts box and click on "details" for instructions to get the hold lifted.

Schedule an appointment with your assigned academic advisor or meet with them during their designated drop-in advising hours. We will also offer extended drop-in hours from May 24 - June 4th, Monday-Friday from 10am-12pm and 2pm-4pm.

DIRECTIONS TO ENROLL

1. **Choose Requirements to Complete**
   - Review your Degree Progress Report (DPR) and use your Degree Planner to customize your fall schedule based on the requirements you need and your preferences.

2. **Search for Classes, Load Shopping Cart**
   - Send your Fall 2021 courses to the Gator Scheduler from your Degree Planner or use the Class Schedule to search for fall classes. Load your Shopping Cart before your enrollment appointment.

3. **Enroll As Soon As Possible**
   - Courses fill quickly so enroll as soon as your enrollment appointment begins. After enrolling, check your DPR to verify that your fall classes meet the requirements you plan to complete.

DATES AND DEADLINES

Check the Registrar’s website and the University Calendar for important dates and deadlines.

- **5/10** Fall 2021 Class Schedule available (subject to change)
- **5/14** Deadline to Withdraw by exception (documentation required)
- **5/14** Last day of instruction
- **5/17 - 5/21** Final Exams (contact instructor if you have questions)
- **5/21** Deadline to change grading option to Credit/No Credit (by 5pm)
- **5/31** Memorial Day (campus closed)

UNDECLARED STUDENTS

Wondering what classes to take if you haven’t decided on a major yet?

Gators who are in the process of exploring majors usually focus on completing General Education (GE) requirements. These requirements touch on a variety of different areas (i.e. science and math, arts and humanities, social sciences, etc.) so you can use your GE courses to explore your interests. Some courses may even satisfy requirements for the major or minor you are considering.

When you access your Degree Planner, you may see recommendations to take Major Exploration Electives. If you meet the prerequisites for lower-division introductory courses for a major, consider adding a Major Exploration Elective to your Fall 2021 schedule. For advising assistance, schedule an appointment with your assigned academic advisor or meet with them during their designated drop-in advising hours.

HOW TO PREPARE FOR FINALS

1. START EARLY AND STICK TO A SCHEDULE
   - Start now to avoid the stress and anxiety of cramming at the last minute.
   - Plan enough time to study for each course by creating a study schedule. Make sure others know about your schedule to limit interruptions.

2. ORGANIZE CONCEPTS IN A WAY YOU WILL UNDERSTAND THEM
   - Create your own study guides or visuals to organize the material (i.e. diagrams, charts, outlines).
   - Teach the material to someone else or quiz yourself to test your understanding.

3. SEEK SUPPORT FROM OTHERS
   - Ask questions during office hours.
   - Connect with the Tutoring and Academic Support Center (TASC).
   - Review material with classmates.

4. TAKE BREAKS AND PRIORITIZE SLEEP
   - Avoid long study sessions by taking breaks to give your brain a chance to comprehend the information and recharge.
   - Prioritize sleep to give your brain and body the rest it needs to function at high levels.
