

# Getting to Know SF State Majors: Gut Check

## Instructions:

Read through the list and select any majors that seem interesting to you. The goal is to get your initial impression of the major so don't spend too much time thinking about your choice. If you aren't sure what the major is about, you can click on the major to find an overview of the major.

- [Women and Gender Studies, BA](#)

### Things to consider:

1. Are there any common themes to the majors you checked off?
2. Do any of the majors stand out above the rest?
3. Have you considered a double major or a major and minor (if offered)?
4. If you don't study one of these areas as your major, how else might you fulfill your interest in the field?
